VADODARA WINDOWS

UPVC WINDOWS & DOORS

Style, Strength & Security

Vadodara Windows manufactures and install customized uPVC windows and doors based on European standards. The Indian uPVC industry is relatively new and Vadodara Windows brings the experience of advanced technology for manufacturing and the technical know-how of building uPVC windows.

- ▶ Fusion Welded frames and sashes add strength, security and prevent air infiltration.
- ▶ Multi chambered profile design allows separate chamber for steel reinforcements, adds strength, improves insulation and provides better drainage.
- ▶ Interior glazing systems with co-extruded flexible seal on beads, gaskets and brush seals on sashes and frames impart weather resistance to the home.

TOUGH & DURABLE

- ▶ uPVC can last 20 years or more
- ▶ Fusion welded for seamless corners
- ▶ Steel reinforced for added strength and security
- ▶ Withstands UV radiation
- ▶ Termite and borer proof

EASY TO MAINTAIN

- ▶ No painting required
- ▶ uPVC does not corrode
- ▶ The stabilised nature of uPVC means no discolouration
- ▶ Just soap and water keeps it white and bright

SAVINGS

- ▶ Creates a sealed environment
- ▶ Save up to 30% of electricity costs
- ▶ Almost maintenance free
- ▶ Longer life than Aluminium and Wood

MORE BENEFITS

- ▶ Fire resistant
- ▶ Prevents water seepage
- ▶ Prevents dust and noise
- ▶ A quieter, cleaner environment means better health
- ▶ 10 years guarantee on whiteness

WHY US

- ▶ 30 years of experience
- ▶ Highly qualified technical team
- ▶ Quick professional quote
- ▶ Detailed project management to completion
- ▶ Dedicated customer service

Extinguishing

Environment
Friendly

Our sliding windows have fusion welded frames and sash corners that add to the strength and security, and excludes rain water and air penetration.

SLIDING WINDOWS

SLIDING DOORS

Brighten your home with endless natural light and the beauty of outdoors. The classic sightlines and ease of operation combined with several colour options allow the door to fit anywhere in your home.

The classic European profiles offer unique design flexibility to enhance any architectural style and withstand the test of time. You can customise the casement window to be used individually or in combination with different styles such as Top Hung, Tilt & Turn and French windows.

CASEMENT WINDOWS

CASEMENT DOORS

We design and produce the most innovative uPVC Casement and French Doors. A truly unique door system that incorporates superior structural integrity with steel reinforcement in all uPVC frame system.

COLOURS

WHITE

WOOD

GREY

- ▶ We also make windows with a foil coated profile in different colours or wood grain patterns.
- ▶ Foiling of profiles can be on the outside or on the inside of the window.

GLASS

A variety of glazing is available for various requirements:

- | | |
|---------------------|--|
| Toughened glass | : Adds additional strength to large sizes |
| Reflective glass | : Reduces the glare |
| Laminated glass | : Reduces the sound of the outside world from intruding |
| Double glazed units | : Available in combination of glass types to give you the best of all worlds and reduce your electricity bills |
