VADODARA WINDOWS

UPVC WINDOWS & DOORS

Style, Strength & Security

Vadodara Windows manufactures and install customized uPVC windows and doors based on European standards. The Indian uPVC industry is relatively new and Vadodara Windows brings the experience of advanced technology for manufacturing and the technical know-how of building uPVC windows.

- ▶ Fusion Welded frames and sashes add strength, security and prevent air infiltration.
- ▶ Multi chambered profile design allows separate chamber for steel reinforcements, adds strength, improves insulation and provides better drainage.
- ▶ Interior glazing systems with co-extruded flexible seal on beads, gaskets and brush seals on sashes and frames impart weather resistance to the home.

TOUGH & DURABLE

- ▶ uPVC can last 20 years or more
- ▶ Fusion welded for seamless corners
- ▶ Steel reinforced for added strength and security
- ▶ Withstands UV radiation
- ▶ Termite and borer proof

EASY TO MAINTAIN

- ▶ No painting required
- ▶ uPVC does not corrode
- ▶ The stabilised nature of uPVC means no discolouration
- ▶ Just soap and water keeps it white and bright

SAVINGS

- ▶ Creates a sealed environment
- ▶ Save up to 30% of electricity costs
- ▶ Almost maintenance free
- ▶ Longer life than Aluminium and Wood

MORE BENEFITS

- ▶ Fire resistant
- ▶ Prevents water seepage
- ▶ Prevents dust and noise
- ▶ A quieter, cleaner environment means better health
- ▶ 10 years guarantee on whiteness

WHY US

- ▶ 30 years of experience
- ▶ Highly qualified technical team
- ▶ Quick professional quote
- ▶ Detailed project management to completion
- ▶ Dedicated customer service
